**Announces New Blog Feature - Successful DUI Case of the Week**

LA, CA 4/7/11 – Myles L. Berman is pleased to announce his new feature story on his website’s blog, “Myles L. Berman Successful DUI / Drunk Driving Case Of The Week”. Myles Berman is not only devoted to keeping the public informed of DUI / Drunk Driving laws and better assisting in finding answers to frequently asked questions, but also to increase awareness that in fact, many DUI cases can be successfully defended.

This series of interesting driving under the influence cases will give readers an inside look on posted client cases, with successful results. Since 1988, our DUI lawyers have been successful in defending DUI cases across Southern California.

There are many cases we would like to share, but those that we do have one thing in common: they contain difficult fact patterns with successful results. Much of the public believes that it is impossible for a DUI / Drunk Driving case to be defended successfully, as many people arrested for DUI become apathetic and do not realize that their case may have circumstances or consequences worth defending. These success stories not only prove otherwise, but also help others to relate.

Please visit Top Gun DUI Defense Attorney® Myles L. Berman’s website at [www.topgundui.com](http://www.topgundui.com) to find additional resources including a partial success list, blog, podcasts and webcasts.

At the Law Offices of Top Gun DUI Defense Attorney® Myles L. Berman®, our extensive record of success in defending people for driving under the influence of alcohol and / or drugs speaks for itself. The results posted do not guarantee the success or outcome of a case. Every DUI case is unique and the results may vary from case to case.
